TOUR 2 - AMAZING CAPPADOCIA

Some three million years ago, violent volcanic eruptions covered the plateau in this area with tufa, a soft stone comprised of lava, ash and mud. Subsequently, the wind and rain have eroded the brittle rock to form a spectacular surrealistic landscape of rock cones and capped pinnacles, called FAIRY CHIMNEYS, that are painted in colors ranging from warm reds and gold to cool greens and greys. During Byzantine times, Christian chapels and monasteries were hollowed out of the rock, and later these dwellings served as refuge for Christians, persecuted by the Romans.

Visit the underground, eleven-storied city of Kaymakli, see the extraordinary rock formations at Uçhisar and the charming town of Ürgüp with its fairy chimneys. Lunch in the area. Dinner and accommodation at the hotel.
